

Compact Longline Thermoplastic Applicator

This highly versatile longline system, offers many functional advantages providing the best price and performance value.

Though compact, the Titan 1000D has been engineered with features usually only found on larger thermoplastic marking vehicles.

FEATURES

- Fully automated operation
- Exceptional marking efficiency
- Superior maneuverability
- Accommodates screed extrude, ribbon extrude or Aqualite profiled application systems
- Single & double line applications
- Left & right side dispensing controls
- Fast material transfers
- Thermostat controlled material reservoir (capacity: 1,000 lbs; 67 gallons; 252 liters)
- Solid-state electronic skip timers and digital speedometer
- Advanced design, rapid-feed closed die material delivery system
- Energy efficient oil-jacketed material tank and dispensing systems
- Constant material thickness regardless of vehicle speed
- Fully interchangeable screed extrude and ribbon extrude dies

EASE OF HANDLING

The Titan1000D is easy to use. The operator sits directly over the applicator carriage and has a completely unobstructed view of marking targets and the dispensing device. Also, the automated burner system lights remotely.

Thoughtfully designed, control and instrument layout ensures that even an inexperienced operator can very quickly become proficient.

Powered by a 35HP diesel engine, the Titan1000D's hydrostatic drive system provides variable speeds. And, its automotive front-wheel steering truly tracks the road for straight, longline marking.

SPECIFICATIONS

Dimensions:	121"L X 76"W X 72"H
Weight:	2,800 lbs
Material Capacity:	1,000 lbs (67 gallons; 252 liters)
Material Reservoir	All steel
Construction:	
Dispensing Systems:	Screed or Ribbon extrude; Aqualite® profiled thermoplastic
Air Compressor:	15 cfm @ 100 psi
Heating System:	Diesel
Fuel Tank:	15 gallons
Body Construction:	All steel; frame heavy-duty, high gloss paint
Digital Speedometer:	Solid-state electronics with LCD display
Glass Bead Reservoir:	240 lbs; pressurized
Engine:	35HP diesel
Transmission:	Hydrostatic
Steering:	Powered; dual left/right seating
Pointer System:	Mechanical boom
Safety Beacon	
Quartz Halogen Lighting System	

OPTIONAL EQUIPMENT

- Trailer (tri-axle)
- Skip/Footage Counters
- Sealer System
- Canopy
- Aqualite Profiled Marking System
- Premarking System
- Spare Parts Kit
- Helical Agitator
