Clearing the Way.

Snow, dirt and debris never stood a chance with a MB broom, blower or plow attachment. The innovative, all-weather equipment from MB has been helping contractors, landscapers, farmers and municipalities for over a century.

Transforming trucks, tractors, skid steers and commercial turf mowers into multi-tasking machines provides consumers with the ability to get more use out of their trusted equipment.

As a leading manufacturer, MB brings the innovation and expertise to get the job done.

TRUCKS/TRACTORS/SKID STEERS

Brooms & Attachments

Available for **Trucks, Tractors** and **Skid Steers**, MB Attachment Equipment has the perfect product for any application. Built with **unmatched quality** and for **all seasons**, MB attachments continues to innovate designs and use the **latest technology**.

A wide array of options are available for Trucks, Tractors and Skid Steers. These include:

- Center Line Broom**
- Pickup Truck Broom**
- Large Truck Broom**
- Hydraulic Broom**
- Mechanical Broom**
- Hydraulic Angle Broom**
- Hydraulic Pick-up Broom**
- Snow Blowers**

Product Spotlight Shock Broom

This state--of-the-art broom will become the work-horse of your fleet. The perpetual downward force keeps the broom bristles always in contact with the ground.

No dip, pothole or elevation will stop this broom from precisely cleaning your path.

COMMERCIAL TURF Mower

There are many attachments available for Commercial Turf Mower's. Removing snow, dirt and debris is a breeze with these options:

- Hydraulic Broom
- Mechanical Broom
- Snow Blower
- V-Plow
- Dozer Blades

WALK Behind

The Hydra Walk Behind combines the ease of a **stand-alone** unit with flexibility to take from job to job. Coming in either 36" or 48", this unit will be able to **clear any size path**.

Contractors use this unit to easily clear **sidewalks and paths** but also to **brush the grass** near roads to eliminate any debris.

Many additional **accessories** are available including:

- Heated Hand Grips
- Headlights
- Driver Shelter

TOW Behind

A Tow Behind broom is ideal for many applications. **Adaptable** to many hitch types, this broom is **versatile** and easily **attached and detached**.

Available in both a **Hydraulic** and **Self Contained Hydraulic** version, the tow behind broom is a reliable piece of equipment that can come in **7 to 9 feet** in length and width and can be run up to **20 MPH**.

POWER Pack

This **25 HP Hydraulic Engine Pallet** is your answer to running Hydraulic Attachments on units that do not otherwise have hydraulics. It is **ideal for 4' to 7' brooms** and for **dirt and light debris** clean up.

The strong and **ultra durable** Power Pack comes standard with a **Kohler Command Series Engine**.

REPLACEMENT Brushes

The **quality, performance and compatibility** of the MB Replacement Brushes are **second to none**. All of the raw materials and finished goods are **rigorously tested** to verify top performance to exceed normal operation conditions. Thus, **reducing operator downtimes** that cost large amounts of money each year.

MB's brush wafers, airport wafers, tube brooms and gutter brooms are **compatible with all major manufacturers**. They can be found on machinery throughout the world. Including major airports, military bases, equipment dealers, sweeping and pavement contractors, construction sites, stadiums and various sized municipalities.

OEM Partner

Looking for a strategic partner with global influence and local know-how? MB Companies is your ideal partner.

With all of our products being made in the heart of the USA, MB has a history of quality and innovation that can be traced to 1907. The recent acquisition of MB by Aebi-Schmidt Group expands the knowledge and technology available to help our growing list of partners.

Leveraging our expertise in custom manufacturing and design has helped many other world-caliber companies including:

Toro
Exmark
Excel Industries
Jacobsen
TrucBrush
And many more “silent” partners!
